

WINE + BAR MENU

WINE

With such a versatile food menu we have the opportunity to offer many different varietals and styles of wine. We take great pride in offering selections from both new world and old world regions.

Our Champagne and sparkling wine program showcases the top houses from Europe and regional estates.

When selecting a wine for our list we make a conscious effort to uphold our culinary philosophy – that the freshest foods and ingredients together with wine should inspire, balance, and complement one another.

Our wine cellar is on premise with wines stored under proper temperature control. Vintages may change subject to availability.

Enjoying wine creates lasting memories and is a celebration of life. We trust you will find your favorites, or seek something new and exciting.

COCKTAILS

Our program is an ever evolving and creative collaboration that is exemplified by our team's diverse bartending styles.

The list showcases premium spirits and liqueurs combined with a unique selection of house-made ingredients. We honor famous and forgotten classics, signature creations, and modern day twists inspired by seasonal and locally sourced products.

By working closely with our chef and local suppliers we ensure a constant exploration of both new ingredients and techniques.

We sincerely hope that you'll enjoy your experience with us.

WINES BY THE GLASS, by Coravin

The Coravin System is the most advanced single bottle wine preservation system available. It uses Argon gas to extract wine from the bottle without opening it, preventing oxidation and allowing us to serve some of the world's best wines by the glass in the condition they were intended by the producer. We hope you enjoy the opportunity to sample these classic selections from our cellar.
